

Submission Guidelines

Project Proposal to compete against other students.

- This should be a Microsoft Word or PDF document no longer than ten pages, or a PowerPoint presentation no longer than twenty slides, which explains your project and your team:
 - Who your team is?
 - What your project does?
 - Who your project is for?
 - How you will bring your project to market?
- Presentation Video – 3 minute pitch and demo video as if presenting live to judges
- Software usable by the judges.
- Software Instructions document explaining how to use your software. Additional requirements for the live presentation, project proposal, software, and instructions all appear later in these rules in a “Content and Technical Requirements” section.
